EXPERIENCE

ShipBob *Delhi, India - Remote*

SDE 2 – 📅 July 2023 – February 2024

- Developing, managing and providing support for various utilities for the company to be used amongst various MFEs, ensuring continuous development and integration.
- Working on the Design System library, continuously adding and building new components per the requirements for use across different MFEs and company projects.
- Working on the internal command line tool: used to create new MFEs, generate code templates, run build, start, test commands in different MFEs.
- **Tech Stack**: Vue 3, Vue.js, HTML/CSS, JavaScript, Sass/Scss, Node.js, Storybook, Jest, Git, etc.

CommerceIQ *Bangalore, India*

SDE UI – 📅 August 2021 – June 2023

- Developed 10+ **data visualization dashboards**, incorporating a range of charts and tables. Certain dashboards were designed to be **self-served**, allowing users to customize their own configurations.
- Actively contributed to and participated in various **proof-of-concept projects**, ensuring successful outcomes and seamless integration into the product.
- Developed a **node.js layer** responsible for uploading and verifying Excel files submitted by users, ensuring that data was **securely stored** in the RDS.
- Implemented both **front-end and back-end components** to create a **unified download center** enabling efficient download tracking across the platform.
- **Tech Stack**: Vue.js, React.js, HTML/CSS, JavaScript, Sass/Scss, C3.js, D3.js, Node.js, Express.js, Git, etc.

Cyware Labs Inc. *Bangalore, India*

SOFTWARE ENGINEER – 📅 September 2020 – July 2021

SOFTWARE INTERN – 📅 May 2020 – August 2020

- Contributed to the development and maintenance of **multiple company products** as a **front-end developer**.
- Instrumental in developing and evolving the company's **UI style guide** and **component library**, which was implemented in all products.
- Collaborated with the team to create **HTML emailers** that were compatible with **cross-mailing agents** and ensured successful delivery to clients.
- **Tech Stack**: Vue.js, JavaScript, HTML/CSS, Bootstrap, Element UI, Storybooks, Git

Persistent Systems Ltd. *Nagpur, India*

INTERN – 📅 January 2020 – May 2020

- **Skillfully converted intricate design mockups** into clean and responsive HTML/CSS code, ensuring exactness and **adherence to design guidelines**.
- Developed multiple projects applying Object-Oriented Programming Concepts and received training on various technologies to enhance skills and knowledge.
- **Tech Learned**: Java, Angular, JavaScript, HTML/CSS, Git and SQL

EDUCATION

Bachelor's in Engineering, Computer Science

Acropolis Institute of Technology and Research, Indore

📅 2016 – 2020   CGPA - 7.59/10.0

SKILLS

Vue   React   JavaScript   HTML
CSS   Nuxt.js   Next.js   Sass/Scss
Node.js   Git/Github   REST API
C++   TypeScript   MongoDB
HTML Emails   Python

PROJECTS

GDG Indore Newsletters –

 https://gdg-cloud-indore.github.io/newsletters

- Developed responsive **HTML email newsletters** to showcase the latest technology insights, events, and news within the city.
- **Tech used**: HTML Emails, CSS, Javascript.

Hover Games – *https://hover.vercel.app*

- Created a **gaming web application** that incorporated hand gesture recognition for an immersive experience.
- Implemented **gesture recognition algorithms** and developed the front-end using **React**. Contributed to the **Flask backend and MongoDB** connection while learning TF.js.
- **Tech used**: React.js, Flask with Python, MongoDB, TensorFlow.js.

COMMUNITY

GDG Indore
GDG Cloud Indore *Indore, India*

COMMUNITY ORGANIZER

📅 August 2018 – Present

- Host and coordinate technology meetups and hackathons in the city, facilitating discussions on emerging technologies with industry experts and enthusiasts. These events provided opportunities to connect with Google Developer Experts and other professionals.
- Led the development of email newsletters and open-source projects and contributed to the development of event websites.
- https://gdg.community.dev/gdg-indore

ACHIEVEMENTS

- Earned multiple recognition awards for outstanding feature development during tenure at CommerceIQ. (2021 - 2023)
- Mentored multiple student groups and conducted a Vue.js session during Hack with CW. 2020 - *https://bit.ly/cw-vuejs*
- Won Best Local Hack for Server-less Web Application at MLH Local Hack Day, hackSocIndore. (Dec, 2018)
- Achieved 3887 International Rank in the Pre-Elimination Round of Snackdown 2017 on Codechef. (June, 2017)
